PRESS RELEASE

Delta Liquid Energy Employee Celebrates 15 Years with Local Company

ARROYO GRANDE, CALIF., (September 27, 2007) – Troy Mack (AKA “Mack”), manager of the Arroyo Grande Delta Liquid Energy location, recently celebrated his 15 year anniversary with the company. Mack began his career with DLE as a service technician and was promoted to manager three years ago. When asked what he thought contributed to his longevity at DLE, Mack said, “I enjoy what I do and feel a sense of accomplishment and appreciation for my contribution.”

"Troy has proven to be a tremendous asset to the company in many ways," said Robert Jacobs, Vice President of Retail Operations. "I have great admiration for Troy's desire to provide excellent technical and safety instruction to his staff as well as his ability to resolve customer complaints, maintain current customer relationships, and continually create new ones."

From running the office, managing employees, and customer relations to service calls, Mack does it all. “I love the opportunity to interact and engage people on so many different levels. The importance of what we provide as a company and the dynamics of who the customers are, their needs and the individual background stories of who they are, can be quite fascinating,” said Mack.

Delta Liquid Energy is a third-generation, family-owned and operated propane dealer headquartered in Paso Robles, California. The company has been in business since 1936 and operates nine service facilities and two rail terminals throughout California.

The Arroyo Grande office is located at 3120 Cienaga and can be reached at 805-489-9071. The office services Arroyo Grande, Avila Beach, Grover Beach, Nipomo, Oceano, Pismo Beach, Shell Beach, and San Luis Obispo.
