FOR IMMEDIATE RELEASE -

Local Recreational Vehicle Parts and Services Company Announces Retirement of Long-time Employee

Delta Liquid Energy & Delta RV Wish Manager of Thirty Years a Fond Farewell

CALIFORNIA (November 1, 2019) – Delta Liquid Energy announces the retirement of long time Delta RV Department Manager, Rick Pedersen. Rick has been a part of the Delta Liquid Energy family for over 30 years and his last day on the job will be Tuesday, December 31, 2019. He started his career with Delta RV, a recreational vehicle parts and service store, as a service technician for the Paso Robles location in September of 1989. Five years later he was promoted to his current position as Delta RV Department Manager.

“It’s been a very fulfilling, worthwhile career for me,” Rick states of his time with Delta RV. “I love helping people enjoy their RV experience and solving problems.” He says that over the years he’s made friends with many of his customers and always enjoys hearing about their favorite places to travel in their RV. He looks forward to visiting those places during his retirement years. The Black Hills of South Dakota and the Pacific Northwest are both at the top of the list.

Vice President of Business Enterprises for Delta Liquid Energy, Robert Jacobs, notes that it has been a “distinct pleasure to work with Rick Pedersen for more than twenty-eight years. He has not only been a tremendous asset to Delta RV, but a good friend as well. His interaction with the customers is a large part of the excellent reputation for service Delta RV has enjoyed for more than thirty years. I wish only the best for Rick as he embarks on his well-deserved retirement.”

Although it is difficult to say ‘see you later’ to such an integral part of the Delta RV team, the store will remain in good hands as managerial roles are turned over to thirteen-year Delta RV veteran, Kari Dulitz. She’s been working alongside Rick for many years and is ready to take on the new role. Rick says he will miss his coworkers and his customers the most and that he’s “very grateful to the Platz family for having me for thirty years.” Delta RV and Delta Liquid Energy encourage customers from the local community to stop by their location in the coming weeks to wish Rick a fond farewell.

Delta Liquid Energy is a fourth-generation, family-owned and operated propane marketer headquartered in Paso Robles, California. The company has been in business since 1936 and operates nine service facilities and two rail terminals throughout California and Southern Nevada.

Delta RV is located in the same building as the DLE corporate headquarters at 1960 Ramada Drive, Paso Robles, California and can be reached at 805-591-4463. For more information about Delta RV and Delta Liquid Energy, please visit www.deltaliquidenergy.com.
